

# Techna CIRCUIT BREAKER ENCLOSURES

## Dtec Plastic Circuit Breaker Enclosures

MCBs supplied separately

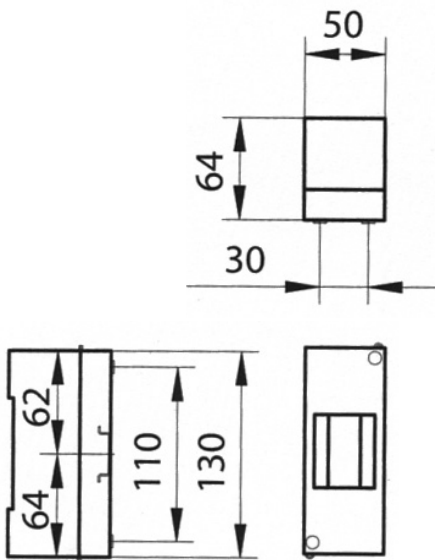

Techna's Dtec Circuit Breaker Enclosures are manufactured from rugged self-extinguishing materials and are equipped for top, bottom or rear cable entry for maximum ease of use.

The Dtec Prima Enclosures are available in either a 2 or 4 module size and can be supplied separately or pre-fitted with your choice of Techna switchgear.

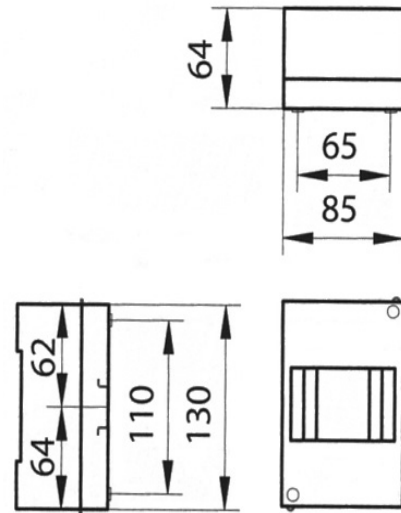

### Dtec Prima Features:

- Ultra compact, 2-piece design for simple, quick assembly
- Integrated DIN-Rail
- Sealable for safe use in public places
