Edition I

Dear Colleague,

It gives me great pleasure to welcome you to Techna International's new Lighting Catalogue, Edition I. Inside you will find details of the diverse range of LED Lighting products, including Headlights, Beacons, Rear Combination Lights, Signal Lights, Work Lights and many more. I hope that you find this catalogue both informative and interesting.

With over 75 years in business, Techna offers an unrivalled level of experience and expertise, providing a wealth of high quality products, efficient customer service and highly competitive pricing.

Additionally, we offer an extensive range of high quality electrical and mechanical products that are fully certified by independent approvals authorities to meet the stringent requirements of today's global markets. Full details of our electrical and machinery products may be found in our separate catalogues, or on our website.

I hope you will find our new Lighting Catalogue to your liking and that Techna may be given the opportunity to be of service.

Best regards,

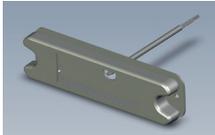

John Mestitz  
Managing Director

## Customised & Bespoke Lighting Solutions from Techna R&D

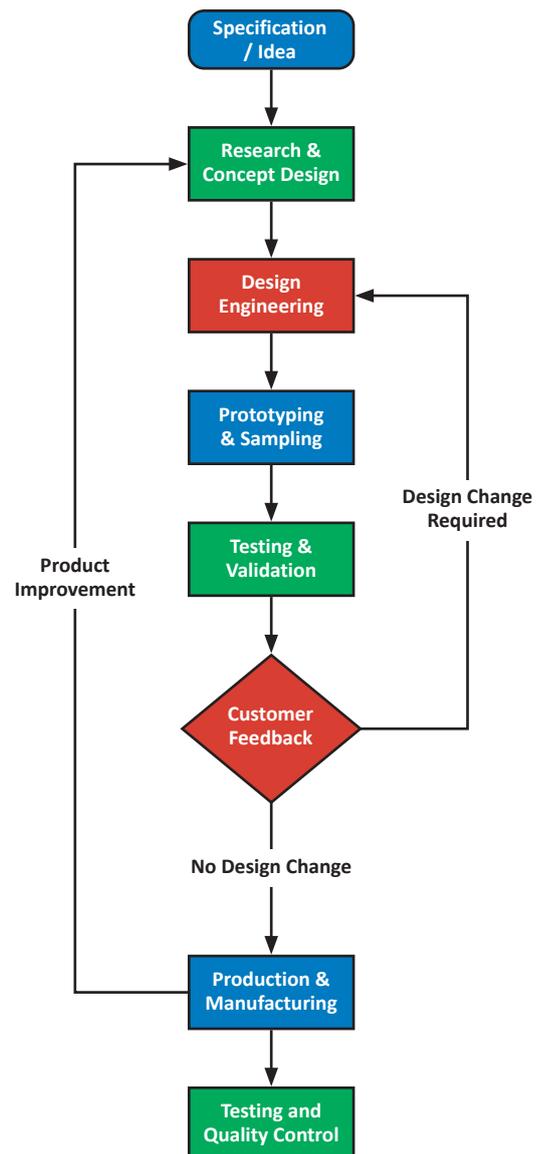

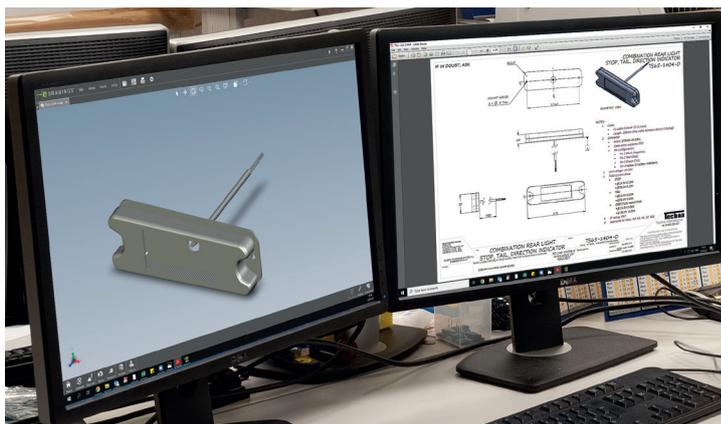

In addition to our standard product ranges, Techna R&D provides complete design and manufacture of a wide range of LED lighting products for our OEM customers.

We develop the designs according to customer requirements and provide expertise in support of existing designs. We have a multi-disciplinary team with wide experience in product design and also in the incorporation of electronics within mechanical designs, including programming of custom software.

Our approach is straightforward and most effective in producing high quality products. Techna has a team of experienced engineers who can transform your ideas into a proof of concept and prototype before manufacturing. With Techna R&D, we will start with in-depth feasibility studies ensuring the product can be realised with current state of the art technologies.

Our design team will put your requirements into practice with mechanical 3D CAD modelling, consequently providing multiple design ideas, to allow for a functional rapid prototype.

We can provide customised and bespoke lighting solutions to many different industries, including:

- Agriculture
- Construction
- Industrial
- Mining
- Off-Road Vehicles
- Rail
- Specialised Vehicles
- Trucks & Buses

## Bright LED Headlights

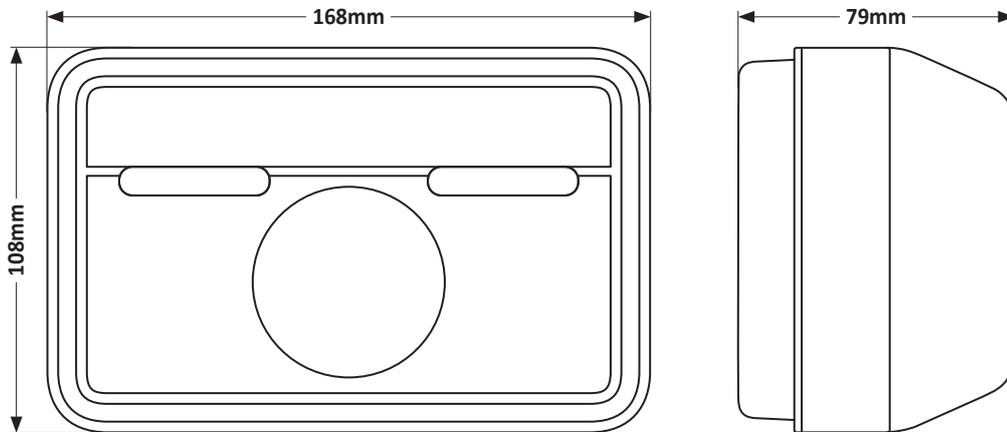

Techna's Bright LED Headlights are designed to effectively and efficiently illuminate the road ahead. Our headlights come with a number of features, including High Beam, Low Beam, Position Markers and Daytime Running Lights.

Typical applications include: • Industrial • Agriculture • Construction • Mining • Rail  
• Specialised Vehicles • Off-Road Vehicles • Trucks & Buses

### Bright-HL01DRL - LED Headlight with Low Beam, DRL & Position Markers

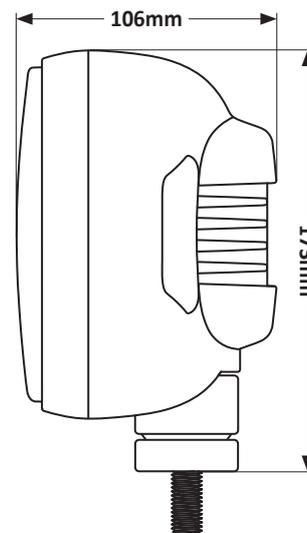

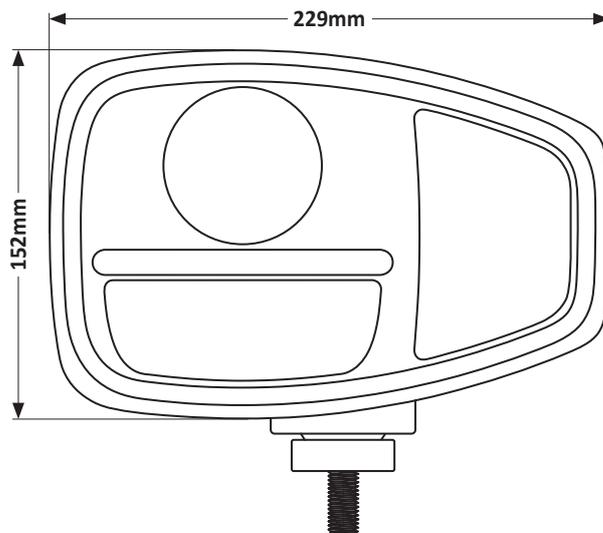

Order Code

**Bright-HL01DRL**

### Bright-HL01DRL Technical Specification

Function	Low Beam / DRL / Position Markers
Maximum Power	45W
Operating Voltage	10-30Vdc
Lumens	2600LM
Colour Temperature	5000 - 6500K
Operating Temperature	-45°C to 60°C
IP Rating	IP67
Complies With	ECE R7, R10, R87 & R113
Mounting	Surface Mount
Material	Die-cast Aluminium Housing, PC Lens

## Bright-HL02 Technical Specification

Function	Low Beam / High Beam / DRL / Front & Rear Direction Indicators
Maximum Power	82W
Operating Voltage	10-30Vdc
Lumens	948LM (Low Beam) / 2254LM (High Beam)
Colour Temperature	5000 - 6500K
Operating Temperature	-45°C to 60°C
IP Rating	IP67
Mounting	Surface Mount
Material	Die-cast Aluminium Housing, PC Lens

## Bright LED Side Marker & Signal Lights

Techna's Bright LED Side Marker and Signal Lights can clearly indicate and be used as markers for better visibility of the vehicle. The LED Side Markers and Signal Lights feature a high waterproof and dustproof rating, which makes them suitable for a huge range of applications.

Typical applications include:

- Industrial
- Agriculture
- Construction
- Mining
- Rail
- Specialised Vehicles
- Off-Road Vehicles
- Trucks & Buses

## Bright LED Number Plate Lights

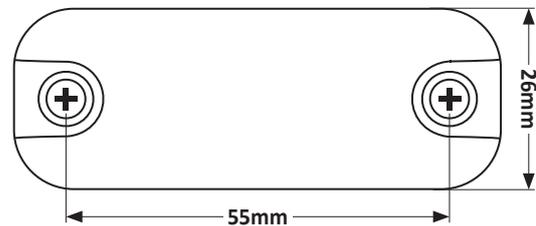

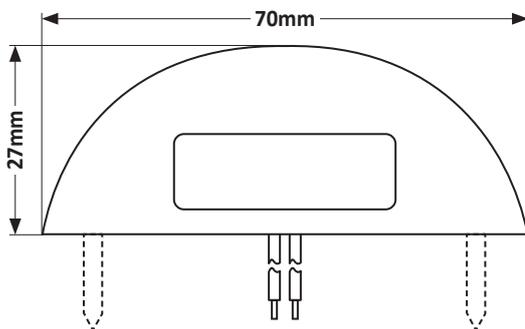

Techna's Bright LED Number Plate Lights are capable of clearly illuminating your number plate in the toughest of conditions. These LEDs are surface mount and easy to install and as they feature a high waterproof and dustproof rating, this makes them suitable for a huge range of applications.

Typical applications include: • Industrial • Agriculture • Construction • Mining • Rail  
• Specialised Vehicles • Off-Road Vehicles • Trucks & Buses

### Bright-NP01 Series - LED Number Plate Light

Order Code

Bright-NP01

### Bright-NP01 Series Technical Specification

Function	Number Plate Light
LED Colour	White
Maximum Power	0.8W
Operating Voltage	10-30Vdc
LEDs	4 x 0.2W LEDs
Lumens	56LM
Current Draw	0.04A @13.5V, 0.02A @28V
Operating Temperature	-40°C to 65°C
IP Rating	IP67
Complies With	ECE R4 & R10
Mounting	Screw Mount

## Bright LED Rear Combination Lights

Techna's Bright LED Rear Combination Lights have been produced to provide plenty of options for any vehicle, with several variants and light configurations possible. Available in different shapes and sizes, these LEDs also feature a high waterproof and dustproof rating, making them suitable for a huge range of applications.

Typical applications include: • Industrial • Agriculture • Construction • Mining • Rail  
• Specialised Vehicles • Off-Road Vehicles • Trucks & Buses

### Bright-RC01 Series - Rectangular LED Rear Combination Lights
